

THE LEADING EDGE IN LASER

3D LASER PROFILING SERVICE

LASER FOCUSED ON CUSTOMER SERVICE

National Tube Stockholders are Steel Tube Specialists based in North Yorkshire serving customers across the UK and Ireland. NTS has built its reputation by delivering consistently high levels of service, achieved by the application of carefully implemented quality systems, processes and an over-arching diligence, a thread that runs through our entire organisation.

Our people have extensive knowledge and experience, having provided high-quality steel products and services for over 30 years. To support the evolving needs and exacting requirements of our customers we have invested in a state-of-the-art laser processing facility.

Quality and precision on all sizes.

LASER PROFILING CAPABILITY

TYPE	SIZES FROM	SIZES TO	MAX CUT THICKNESS	MAX PREP	MAX WEIGHT
RECTANGLES	60x40x2	500x300x20	25mm	16mm	300 KG P/M
SQUARE	40x40x2	400x400x20			
CIRCULAR	33.7x2	610x20			
BEAMS & COLUMNS	127x76x13/152x152x23	406x178x74/305x305x118			
CHANNEL	76x38x6.7	430x100x64			
ANGLE	40x40x3	250x250x20			

Effortless production with the largest capability in the UK.

LASER PROFILING TO THE HIGHEST STANDARDS

Leaders in the laser profiling market, we supply laser profiled material to the construction, machine building, agriculture, civil engineering and many other sectors.

Laser profiling offers many benefits over conventional in-house fabrication; accuracy, repeatability, quality of cut and overall cost.

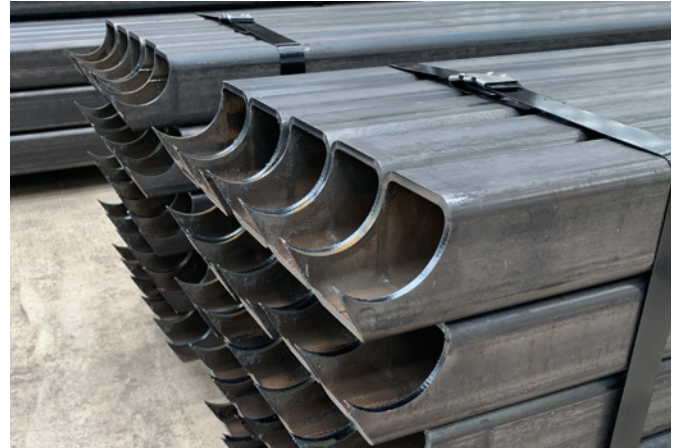

Our table shows all the sizes and thicknesses we can offer from our state of the art BLM machines. With our own in-house CAD team we have the ability to draw parts from scratch in conjunction with customers or use the following customer files; STEP, XT, DXF, DWG and most solid model files. We also have access to TEKLA for Structural Projects.

EXTENSIVE STOCK RANGE

NTS carries a wide range of products including Structural Hollow Sections, Offshore Grade Hollow Sections, Hot Finished Seamless, Cold Drawn Seamless and Linepipe. Technical brochures for all our products can be found on our website;
www.nationaltube.co.uk

ADDITIONAL PROCESSING

With an unrivalled ex-stock offering on structural tubes in addition to laser processing, we also offer straight and mitre saw cuts plus shotblasting and painting on site.

Contractual supply of finished parts.

Supply of processed parts to many sectors.

OUR COMMITMENT TO QUALITY

For our customers: Quality Systems to ISO 9001 and CE Marking to BS EN1090
 For our team: Health & Safety Systems to ISO 45001
 For our locality & our planet: Environmental Systems to ISO 14001

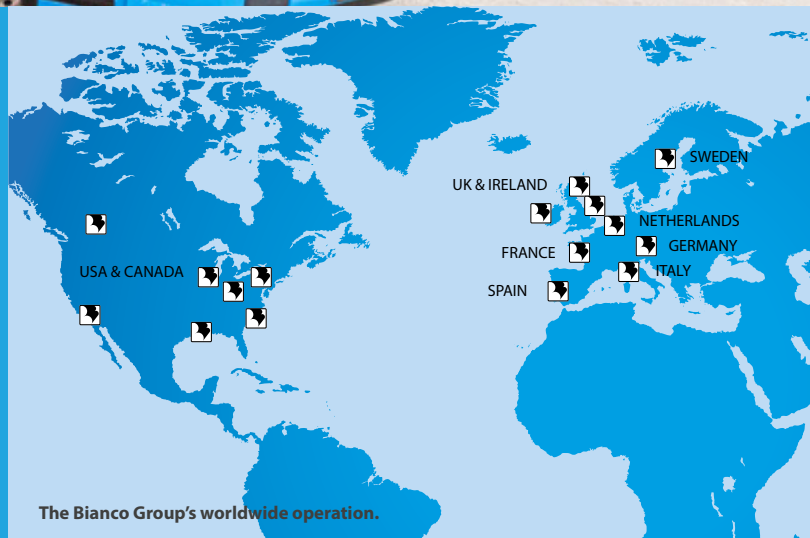

QUALITY PRODUCTS AND PROCESSING DELIVERED ACROSS THE UK AND IRELAND BY OUR OWN FLEET
